

# The Israel Lobby: How Powerful Is It?

## Mark Weber to Address Meeting in Eugene, Nov. 2

The Bush administration and Israel, together with the Jewish-Zionist lobby and a compliant Congress, are pressing for a new war in the Middle East – this one

against Iran. In spite of their stunning record of lies, destruction and death, the neocons and Israel-firsters are preparing to launch yet another war – either by the US alone, or by Israel with US backing – that will serve only Jewish-Zionist interests.

A decisive factor in this campaign is the powerful Israel lobby, which also played a crucial role in pushing for the US invasion of Iraq. Awareness of the lobby's power and impact is now growing everywhere.

At a `Pacifica Forum' meeting in Eugene (Oregon), Mark Weber will put all this in perspective in a talk entitled

“The Israel Lobby: How Powerful Is It?”

**Friday evening, November 2, 2007, at 7:00 p.m., at McKenzie Hall, Room 129, near East Eleventh Avenue and Kincaid Street, at the University of Oregon, in Eugene.**

**The meeting is open to the public, and admission is free.**

This event is being organized by the Pacifica Forum, which is dedicated to providing information and perspective on the issues of war and peace, militarism and pacifism, violence and non-violence. Founded by Orval Etter, emeritus associate professor of public affairs and administration at the University of Oregon, the Pacifica Forum firmly supports freedom of speech.

Mark Weber – historian, author and director of the IHR – has written and lectured extensively on the pro-Israel lobby and Jewish-Zionist power. The US alliance with Israel, he says, is dangerously harmful to American interests, and to the interests of world peace. Unwavering US support for the Zionist state and its policies is due above all to the intimidating power of organized Jewry.
